<http://www.phmsociety.org/node/1529>

<http://www.phmsociety.org/node/1562>

## Today:

- How can standards evolve to address adaptive and reconfigurable PHM implementations across the supply chain over the life cycle:
  - Standards content?
  - Standards development processes?
- What drives best practices in your sector: Technology initiation? Technology maturation

# Agenda

- Panelists
  - Laura Feix (SAE)
  - Brian Weiss (NIST)
  - Ravi Rajamani (Meggitt and SAE HM-1)
  - Raj Bharadwaj (Honeywell)
  - Sony Matthew (Schlumberger)
- Facilitators
  - Jeff Bird, Karl Reichard

# Plenary

➤ Issues

➤ Priorities

➤ Way forward including ISO

# Way Forward

- IJPHM Communications
- Updates on standards in progress
- ISO TC 108 Standards Review Process
- Standards forum
- What else would be useful?
